DAD'S OWN CHOICE

Comfortable Slippers

If Dad could have his way about that Christmas gift, he would walk into the Shoe Department and select one of these pairs of comfortable slippers. Leather is his preference, and he admires:

Brighton Black and Tan Slippers that will come well over his instep, is attractive, too, with one of those artistic cut-out designs, and has a turned sole and low heel, at \$3.00 a pair.

Tan Everett, high over the instep, with rubber goring at the side that fits snugly and does not take a second to get into. \$3.00 a pair.

Tan and Black Kidskin Romeos, equipped with hand-turned soles and low leather heels, in black, \$3.50 a pair.

Tan Calf Opera Slippers, with comfy kid lining, neatly stitched in white on the outside and topped with a fancy collar around the instep. \$4.50 pair.

IF YOU SMOKE CIGARETTES—You will surely want one of the new cigarette cabinets that has just come. They are simply the cunningest little mahogany cabinets, about five inches high, and you lift the hinged top and drop a pack of cigarettes in. When you want a smoke you touch a button at the bottom of the cabinet and out comes just one cigarette. Clever idea, isn't it? And the cabinets are most ornamental little things, too, that would look well on your living room table, or in his den. They are \$2.50 each, on the Fifth floor, F street.

THERE IS NO NEED OF COLD HANDS—That is, if you have a Taplex Handy Warmer. You haven't seen them? Well, they are just the most convenient little things imaginable. Just a small metal box, sized and shaped to fit snugly in the hand, into which you slip the fuel that comes with them. It burns quite like charcoal, and will retain heat long enough to keep your hands warm even on a long motor drive. There is no flame, no odor, no smoke—so you can easily slip one into your muff. Besides, just think what comfort they will give when you have an aching tooth or a cold ear. Those especially for ladies have a velvet cover, and come packed in a box with 12 packages of fuel. 75 cents. For men they have a khaki cover (reminding you that soldiers would like them), with one package of fuel, 35 cents. Extra packages of fuel may be bought at any time on the Fifth floor, F street.

WOULDN'T IT BE FUN ON CHRISTMAS MORNING—To find that Santa Claus had left a quilted robe for Daddie and Mother and the Baby, and that they were just alike? He could easily do this, for there are lovely quilted silk robes for Daddie in the Men's Department; for Mother on the Third Floor, and for Baby on the Fourth Floor. And those for Mother and the Baby have all kinds of lovely flowers embroidered on them.

WHAT DID YOU USED TO THINK ABOUT HAIR RIBBONS?—Didn't you always lose all your pretty ones before Christmas, and just wish for some new ones? If you had only waited to grow up you could have had some Dorothy Dainty ribbons—the kind that come in widths for hair and sash with the same pretty patterns on them—brocaded on a moire surface. The colors are white, pink, blue, just the colors that girls like; so maybe you will want to send a set of ribbons to some little girl friend, won't you? The sash width is \$1.35 a yard, and the hair width is \$1.00. Since you did not have them when you were a little girl, the next best thing is to send them to some other little girl now. They are on the First floor, center.

Untrimmed, prices are from \$12.00 to \$36.00. The trimmed Bassinets are \$37.50.

A hamper and a baby basket have each been trimmed in pink and blue, with dainty lace fringe and exquisite ribbon bows. The hampers are \$36.00 and \$38.00, the baskets are \$18.00 each.

If you prefer trimming Bassinets, baskets, or any baby furniture yourself, we will gladly give you any desired suggestions, and if you have not the knack of tying as pretty bows as you wish you will find all kinds of bows already tied, from the wee ones for cape and bibs to those of broad ribbon for bed carriage use.
